

Shelter Favorites

Staff who work hands on with shelter animals often develop some favorites (but don't tell anyone!). Sometimes these pets have been with us for an especially long time and could use some extra attention. You can help us highlight some of our shelter favorites!

MATERIALS

- Art supplies of choice

INSTRUCTIONS

- E-mail HumaneEducation@spcaLA.com to let us know you would like to participate. Also let us know if you would like to focus on a cat, dog, or either. We will respond with a staff favorite who needs to be highlighted, along with a photo and a few facts about them.
- Use the photo and information provided to create a poster about this shelter favorite. Feel free to use the photo provided, or create your own drawing based on it!
 - Make sure to include the pet's name and facts shared in the poster.
 - Keep it neat and easy to read!
 - Be creative! This can be made out of whatever materials (or technology!) you would like to use.
- When you are finished, take a photo of your poster and email it back to us. Please include your name, age or grade level, and what city you are from. We may choose to print your project to display on the pet's kennel or spcaLA's social media! Please note that any images shared with us will become the property of spcaLA. Thank you for helping spcaLA and our shelter pets!

Big thanks to Travis, an spcaLA Friends for Life Summer Camp alum, for sharing his poster for staff favorite Melvin!
