

Doggie Condo

When it comes to providing some fun and enrichment for our pets, we can never have enough options! Make this fun doggie condo for your dog to enjoy.

MATERIALS:

- Large empty box (find a box that matches the size of your dog)
- Scissors
- Markers
- Water bottles
- Dog Toys
- Fabric/ blankets
- Tape
- Rope/ yarn/ string
- Treats

STEP 1: Use scissors to cut the flaps off the box to give your dog an easy entryway to their condo.

STEP 2: Tie rope/yarn/string to water bottles and toys. Use tape to secure the end of the rope/yarn/string to the ceiling of the box, to dangle water bottles and toys. Different textures and sounds are a bonus.

STEP 3: Decorate the box with markers; write words or phrases that describe your dog's personality. You can also cut out pictures from magazines or newspapers and tape them to the walls of the condo for additional decorations.

STEP 4: Using fabric or your dog's blanket, line the floor of the box.

STEP 5: Toss treats in the box and allow your dog to explore. They can eat the treats, play with the toys that dangle from the ceiling, or just make themselves cozy.
