

Sniff & Search Ball Pit

When it comes to providing fun enrichment for our pets, we can never have enough options! You can create a ball pit using household items for an easy and fun enrichment opportunity for your dog.

MATERIALS:

- Shallow empty box
- Newspaper/ junk mail
- Treats/kibble
- Scissors

STEP 1:

Empty out the box and be sure it is free of anything that can harm your dog or anything you do not want your dog to ingest.

STEP 2:

Using scissors cut off the flaps of the box, so your dog is able to jump in or put their head in comfortably.

STEP 3:

Ball up sheets of newspaper/ junk mail and place into the box.

STEP 4:

Toss treats into the box. Then, have your dog use their natural instincts to search and find the treats. Watch your dog and enjoy!
