

Sock Toy for Dogs

When it comes to providing some fun and enrichment for our pets, we can never have enough options! Make this quick and easy toy for your dog to enjoy.

MATERIALS:

- Tube/ Crew sock
- Poly-fill stuffing or another substitute (cut up T-shirts or dish rags can work)
- Markers
- Optional: Essential oils

STEP 1:

Stuff the sock with stuffing or alternative material. If choosing to use essential oils, place 1 or 2 small drops into the sock. Chamomile, Frankincense, Ginger, and Lavender are safe for dogs. *Always do your research before using essential oils with your dog.*

STEP 2:

Tie the top of the sock into a knot to prevent the stuffing from coming out of the sock.

STEP 3:

If there is a lot of excess sock material after tying the knot, you can leave as is, or cut the excess into strips to braid. Tie a knot at the end the braid.

STEP 4:

Use non-toxic markers to decorate.

Step 5:

Give to your dog to enjoy!
